“This is a labor of love, an unforgettable musical journey of HighSoul, R&B, and Jazz-Hip Hop”

“...A CONSUMMATE PERFORMER, COMMANDING THE STAGE WITH UNAPOLOGETIC FLAIR”

Downbeat Magazine, March 2025

With over 40,000 listeners on Spotify in under six months, GeminiCrab is quickly making waves in the music scene. This dynamic new duo unites Grammy-nominated vocalist and producer Malika Tirolien—renowned for her work with Bokanté—with Montreal-based, award-winning keyboardist and producer Caulder Nash. Blending their unique musical backgrounds and innovative production styles, GeminiCrab delivers a fresh, genre-defying sound that is captivating audiences worldwide and establishing them as one of the most exciting emerging acts to watch.

Their album “Gen Y Lens” is a captivating exploration of eclectic sounds, a blending of R&B, soul, jazz and hip-hop, enhanced by honest lyrics from a Generation Y lens.

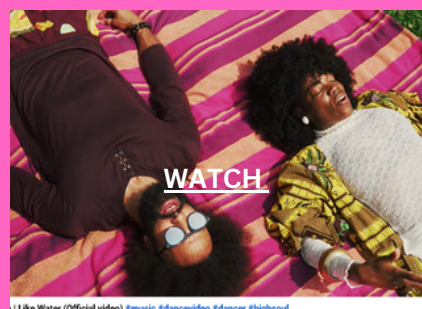

In May 2025, GeminiCrab embarked on a second European and UK tour, earning praise with standout performances at **The Great Escape in Brighton** and **London’s Jazz Café**. That summer, they were selected as **official artists at the Festival International de Jazz de Montréal** in June and invited to the **Copenhagen Jazz Festival** in July. Building on this momentum, in November 2025 the duo toured **France, Germany, the Czech Republic, and Bosnia**, including an appearance at the **Sarajevo Jazz Festival**.

GeminiCrab has started 2026 strong and is now preparing for a Canadian summer tour, with performances scheduled at festivals and professional venues in **Ottawa, Winnipeg, Victoria, Vancouver, Edmonton, Saskatchewan, Toronto, and London**, bringing the project to audiences across multiple provinces.
